Your Guide to Bet on Rugby

with PalaceBet

If you don't know a dummy from a drop kick, you've come to the right place. Here we share all the types of Rugby Bets you can make at PalaceBet to add more excitement to the Rugby World Cup.

For the sake of illustration picture South Africa facing Wales in a match. These are the types of Bets that can be placed:

Type of Bet	What that means	Example
Match Result (1x2 Full Time)	A Bet on the outcome of the Match, i.e. who will win/lose or if it's a draw	A Bet on South Africa to win the Match
Handicap Betting	A Bet on which team will win by a determined point advantage or deficit.	A Bet on Wales (+10.5) to win or lose by 10 points or less.
Handicap Full Time	A Bet on which team will win after adjusting a determined point advantage or deficit by full time.	A Bet on South Africa (-5.5) to win by 6 or more points.
Highest Scoring Half	A Bet on which half will have the most total points scored by both teams.	A Bet that in the Second Half more points will be scored than in the First Half.
Handicap First Half	A Bet on which team will win after adjusting for point advantage or deficit by the end of the first half.	A Bet on Wales (+3.5) to win or lose the First Half, by 3 points or less.
Winning Margin	A Bet on the winning team's margin of victory in the match.	South Africa to win by 1-12 points. The winning margin needs to be within this parameter for the Bet to stand.
Half-Time/Full-Time	A Bet on the result at both half-time and full-time separately.	A Bet on South Africa to be winning at Half-Time and a Bet for South Africa to win at Full-Time.
Total Team Tries	A Bet on the total number of tries scored by a specific team in the match (regardless of a win or loss)	A Bet on Wales (+2.5) to score 3 or more tries.

Draw No Bet	A Bet on a specific team to win, and if the match ends in a draw, the Bet is refunded.	A Bet on South Africa to win only, not draw.
Next Team to Score	A Bet on which team will score points next during the match (penalty, try or drop goal).	A Bet on Wales to score next.
Next Try scorer	A Bet on the player who will score the next try in the match.	A bet on Makazole Mapimpi of South Africa to score the next try.
Total Points (Live)	A Bet on the total points scored from that particular time in the live match.	A Bet on over 55 points being scored after the 35th minute (when the Bet was placed).
Margin of Victory (Live)	A Bet on the margin of victory for the current scoreline during the live match.	A Bet on South Africa to win by 1-5 points in the live match.
Method of Next Score	A Bet on how the next points will be scored (try, penalty or drop goal), regardless of which team scores.	A Bet on a Penalty being the next method of scoring in the match.
Conversion Kick Outcome	A Bet on the outcome of the next conversion kick after a try is scored, regardless of which team scores.	A Bet that the next conversion kick is successful.
Team to Score First	A Bet on which team will be the first to score points a try, penalty or drop goal.	A Bet on South Africa to score first.
Last to Score	A Bet on which team will score the last points in the match (try, penalty or drop goal).	A Bet on Wales to score last.
Winning Team (Live)	A Bet on which team is winning team during different stages of the match.	A Bet that South Africa is the winning team at Half-Time.
Total Team Tries (Live)	A Bet on the total number of tries a specific team will score from that particular time in the live match.	A Bet on Wales (+3,5) to score 4 or more tries after the 60th minute.
Race to 10 Points	A Bet on which team will be the first to reach 10 points in the match.	A Bet on South Africa to reach 10 points first.
